## COOL, CALM AND EXCEEDINGLY CHIC

Discover the elevated expanse of over-water loft-style living in the Maldives' UNESCO heart.

With minimal walls and three times more living space outside than in, each extended indoor-outdoor hideaway brings the ocean closer.

Bask on your sun-drenched deck or savour endless views from your 12-metre pool, daybed, swing couch and overwater nets. Soak in your ocean-view bathtub from a bathroom accessible from the deck. Lounge, eat, and entertain in the shaded sanctuary of your al fresco living and dining room. Or descend your private steps into the crystal clear lagoon.
